Incoming students can see the syllabus of our studies on the website of the school before their arrival to EEABB. In the case of Bachelor's degrees, we recommend they come to take subjects of the 3rd or 4th year, since they have a more specialized knowledge than those of the first two years.

UPC can provide some support to welcome students and staff with disabilities; depending on the individual cases, with a prior agreement between both institutions. There is a service at UPC to give general orientation to people with disabilities; but no additional personnel or economic support is provided.

Students who are planning to do their Bachelor or Master Thesis or an Internship in a Research Lab must contact the mobility coordinator: eeabb.erasmus@upc.edu

Our acceptance letter is necessary for your students to be considered as accepted. In the cases of internship/stage and/or Final Project for Degree/Master Thesis, the acceptance letter would only be signed when they have an EEABB's tutoring professor.
